Instructor. This course builds on what you've learned and develops new capabilities by introducing you to new activities and new ways to have fun scuba diving.

RESCUE DIVER:

Challenging" and "rewarding" best describe the Rescue Diver course. Building upon what you've already learned, this course expands on what you already know about how to prevent problems, and how to manage them if they occur. Whether sunk on purpose as an artificial reef or the result of mishap, wrecks open fascinating windows to the past. Most divers find wrecked ships, airplanes and even automobiles nearly irresistible because they're intriguing to explore, exciting avenues of discovery, and usually teeming with aquatic life. The Wreck Diver course teaches you the ins and outs of rewarding, responsible wreck diving.

DEEP DIVER SPECIALTY:

After your first few scuba dives, you soon want to explore a bit deeper. There's something exciting and mysterious about the depth that attracts dives.

NIGHT DIVER SPECIALTY:

As the sun sets, you don your dive gear, slip on your scuba mask and bite down on your dive regulator. A deep breath and you step off the boat – into the underwater night. Although you've seen this reef many times before, this time you drop into a whole new world and watch it come to life under the glow of your dive light.

ENRICHED AIR SPECIALTY

DRY SUIT SPECIALTY

Wanna stay warm and toasty on a dive? Then dive dry. Yes! Unlike a wetsuit, a dry suit seals you off from the outside water and that keeps you warm! Even in surprisingly cold water.

PEAK PERFORMANCE BOYANCY

Neutral buoyancy is the key to conserving your air consumption and leaving minimal impact on the aquatic environment. Learn how to achieve neutral buoyancy with ease.

Diving from a boat is fun, especially when you look at ease when maneuvering around on it. It's fun to know what you're doing.

DRIFT DIVER

The Drift Diver Specialty course introduces you to the coolest magic carpet ride you'll ever experience.
